Western States Hit By Freezing Of Vegetables

Florida Produce Takes On Better Market Prices And Demand

Recent frosts and freezes in the Texas and California sections has played havoc to citrus run up against in their business, cut down considerable the competition which Florida growers run up against in their business. The demand for Florida goods is already here, and prices show a shade trend upward. The removal of restrictions of Canada shipments of cabbage, has spurred the local cabbage markets considerable, as 23 cars went out of the Glades the past week for Canada destination.

Dade county farmers around Homestead have gone heavily this season for pole beans, with excellent production, size and quality, and the prices have lined many a pocket book. Pole beans are easy to raise, but require the pulling or wining for the vines, but the more than pay for extra work. Consumers like the flavor of the long beans, but the rub is the salt pork that goes with them, is so high that it is almost prohibitive for favoring the beans and pot liquor.

Some of the finest celery ever shipped out of the Glades has been going to market the past few days. Prices on this commodity while not as high as some years past, still constitute a profit margin. People still like their salads, so the root plant used in making the plant play quite a spot in the local shipping picture.

County Agent M. U. Mounts (Continued on page 4)

Testaments To Be Presented To Local Hospital

The Bethany Class of the Community Methodist church, is becoming sort of and adjunct to the Glades hospital, as it has purchased a number of new testaments, beautifully bound, which will be presented to the Belle Glade Hospital, for placement in the rooms and wards of the hospital.

Manley Company To Rebuild The Old Conner's Highway

The State Highway Department, last week, awarded a contract to the Manley Construction Co., for the repair of the holes in the Conner Highway, and for the removal of the muck piled up to form ditches during the recent flood period. The muck is to be placed back on the fields by drag line and bulldozer. Active work on the job began on Monday morning and it will take from 60 to 90 days before the highway will be opened to road traffic, which has been detouring by way of Belle Glade and Pahokee.

Senator Beach Will Have Egbert Beal As Opponent

The qualification period for many of the applicants for political offices of the county came to an end last week end. In the legislative office, B. Elliott, of Pahokee, and John Bollinger, of West Palm Beach, will have no opposition. For the Senate, however, John Beach, will have an opponent in Attorney Egbert Beal, of West Palm Beach.

Beal, upon his announcement retorts forth that he is a member of the Florida State, Palm Beach County, and the American Bar Associations, and the like. His war record shows six years of service in the World War, and he served in eight major campaigns. He has resided in this county since 1926.

Circuit Court, Judges Chillingworth, White and Tedder, will have no opposition in the election. People seem to have utmost confidence in the services of these three judges of the courts.

Fish Decomposition Becomes Serious Health Hazard

An aftermath of the recent high water in the Glades, is now with us, according to people who roam the fields, in that millions of fish of all sizes are dying as the overflow waters recede and the ditches and isolated ponds dry up. The fish stench in some localities is beginning to arise in a nauseating manner to the olfactory nerves of the public. The heaps of fish are reported so great in spots, that the health measure, that chemicals or lime should be used to aid in the decomposition of the mass.

The situation has been called to the attention of sportsmen's club, requesting that they investigate and aid in taking some action. Health officials give caution against fish caught out of these pools and ditches as there is danger of infectious diseases. Fish from these pools, if running water should be used for edible purposes.

Car Accident Is Fatal For Al Kemp And Quentin Hill

Death came to two well known Belle Glade men, Al Kemp and Quentin Hill, early Thursday morning, while they were driving back from South Bay to this city, as a result of a car accident on the highway. The car was traveling along the canal bank. The force of the impact did great damage to the car.

Kemp's body was thrown into the canal and was recovered from the waters by friends. Quentin Hill, was the son of Mr. and Mrs. S. A. Hill, who operated a successful business here. He was 25 years of age and was born at Gaston, Ga., and has been a resident of the Glades since 1930. During the war, he served in the merchant marine, and had only recently returned from a second enlistment in that service.

He is survived by his wife, Al Kemp, aged 18, a graduate of Swainsboro, Ga., a graduate of the High School there and served three years in the Navy during World War II, and was a member of Everglades Post, No. 20, American Legion, and Belle Glade Lodge of Elks, and was a single man. His survivors are mother, two brothers and sisters residing in Continues on page 4

Children's Clinics Now Being Conducted

Through the Florida State Board of Health, arrangements have been made to hold clinics for babies and children in the Glades Area. This is being sponsored in cooperation with the Children's Bureau. Both sick and well children will be examined by Dr. L. R. Levin. Appointments for the clinic can be made by contacting Helen Narbonne, R. N., at Belle Glade, phone 185 or Beatrice Murray, R. N. at Belle Glade, phone 185. The clinics are free. They are conducted in Pahokee and Belle Glade. The following week in Belle Glade, the next in Pahokee. On Thursday, February 12, 1948, the clinics will be in the Belle Glade Hospital for the Children in that area. The colored children will be examined at 8:00 A. M. to 10:00 A. M. and the white children from 11:00 A. M. to 1:00 P. M. The following week, on February 19, 1948, clinics will be conducted for children in the Pahokee and Canal Point area. The colored children will be examined at the Everglades Camp from 8:00 A. M. to 10:00 A. M. and the white children at the Pahokee camp from 11:00 A. M. to 1:00 P. M. It is important to remember that an appointment must be made with one of the nurses stated above before children are brought to the clinic.

Steps Taken By "Branch" To Form New State Body

Which Will Battle For Adjusted Rates On Florida Citrus & Produce

For years past, shippers from the southeast states, and especially of Florida growers of citrus and vegetables, have been hearing a heavy load in the way of freight and express rates on their products, to the detriment of their business. The shippers, next it has now become a real burden and a crisis in their business life. Attempts have been made to secure alleviation and fair adjustments on rates, but no one has done much about it or got much with it.

The Everglades Branch of the National Wholesale League of America, and Vegetables Distributors, at its February meeting at the Glades club in Pahokee, took steps towards the formation of a state wide organization, or it may be sectional, to formulate a concrete brief to present to the rail carriers and the ICC at Washington, to bring about more equitable and just rates for the south east area, and to battle till they win.

Home League chairman of the National League Transportation committee, stated that he had done hard work since the last meeting, and as a result of contacts in various fields, he had received much encouragement and co-operation toward the project he had in mind.

As a result, the next monthly meeting of the Branch, will be held in either West Palm Beach or Orlando, at which time representatives from all the citrus sections of the state will be present.

McAllister Leaves Local Police Force Barrie Replaces

Ed McAllister, former Navy man, has been serving as the local policeman for the past year, turned in his equipment, and on Tuesday left for New York City, for a short vacation. The middle of the month he returned to the local police force, as a result of the State of the prison farm, on the guard force.

To take his place on the local police force, Barrie, who has named R. K. Barlow, who in past years, has served on the city police force.

Manley Corporation Completes Its Road Work This Week

The construction of the new highway from Six Mile Bend to South Bay on routes 80 and 15, was completed this week, by the Manley Construction company, of Ocala, and the state county and city now have a first class road.

Within the city from Avenue A south to Avenue E, we now have a fine broad boulevard, which is a great improvement. It provides a four way drive, and ample parking space on both sides of the street. This improvement, which was obtained through the interests of influential political figures, which would have cost the city a pretty penny had it performed the work itself.

The new road, which is now being worked on, will finish up the city street, many people stood by and witnessed the manner in which modern road builders do their work, and how the heavy machinery is used in hauling tar and rock, and the road work from Run-yan is next on the program for improvement. It is years since this particular road has had any attention in the manner of improvement.

Lykes Bros. Buy Additional Land

Lykes Brothers, large stock operators and land holders, Glades, Hendry, Collier, Lee and Highlands counties, have recently purchased another tract of pasture and woodland in Highlands county, 38,000 acres for \$500,000, adjoining the Kissimmee river and Lake Istokopka.

Underwriters Tell City How Insurance Rates Can Be Lowered

The Southwestern Underwriters, which corporation, has the fixing of local insurance rates, has written Fire Chief L. E. Will, making some suggestions for changes in the city water distribution system, which might lead to a sizeable reduction in rates if followed out, and a saving to policy holders of from \$25,000 to \$30,000 a year.

These suggestions include the changing of several sizes of present fire hydrants to more useful locations and adding of several more in new locations. The connecting up of some of the mains with new laterals to produce a better general water pressure throughout the city, and the extension of new mains into new territories not now covered by the water supply.

The City Commission has turned this matter to the fire chiefs to investigate and report the cost of such improvements.

Another question arising is the matter of ordinances necessary of providing zones, in which trailer parks may be located; secure the rules and regulations of the State Board of Health in regard to sanitary provisions for such parks; and the price of licenses to be charged for such establishments. These findings will be reported back soon in a new ordinance.

No Opponents For John Bollinger Or B. Elliott Races

B. Elliott incumbent and John Bollinger, candidate for Russell Morris's place, have the mental and financial satisfaction of entering the race for a second year, as representatives of representative from Palm Beach County unopposed in the forthcoming primary.

Bee has been prominently mentioned as a candidate for speaker of the House, in indication of his success in negotiating the political policies of Tallahassee, and John Bollinger, number 1, his friends in both the House and Senate and departmental big-wigs by the way.

Palm Beach County should give very well in the Lower House during the next session, and all the weight available will be necessary in negotiating the path of "local participation" in the proposed Flood Control project of the U. S. Engineers.

Promising Johnny can handle the political detours to be erected by his opponent, Elliott Beal, in his position, then a background of experience and Tallahassee and Washington, D. C. for County and all of South Florida by the Palm Beach delegation.

Captured Japanese War Equipment To Be Shown Here On Monday

Next Monday the Navy Club of U. S. A. will have an exhibition, of captured Japanese equipment, on display in front of the city hall. This exhibit will be in the city between the hours of 9:30 A. M. and 5 P. M. There will be no admission charge.

A number of weapons that were displayed in a Japanese suicide PT boat and the Japanese sailor's rifle which caused heavy losses to American Troops during the recent war.

If you have been a sailor, member of the Naval Reserve, Coast Guard, Marines, Marine Corps Reserve, a WAVE, a SPAR, or a Woman Marine, be sure and register on the log after viewing the exhibit.

The Scout Citizen at Work

IN HIS HOME
IN HIS COMMUNITY
IN HIS NATION
IN HIS WORLD

BOY SCOUTS GREEN FEBRUARY 6 TO 12

This is rather blunt. We know, however, that you will take it in the spirit intended. The Boy Scouts of America will be 38 years old on February 8th—a date to remember. Leaders will celebrate Boy Scout Week with them.

Will we? If so many of us do, we take the Boy Scouts for granted, they'll mark the occasion by distributing a quarterly four decades we have been the Scouts quietly performing worthwhile services. Have we really watched—appreciated?

Certainly, the boys themselves ask for no specific recognition, their "Daily Good Turns" have always been without any reimbursement. They are not meritorious more than a friendly, distant approach—or a casual acceptance of their efforts to be better citizens, a model for all?

Their theme this year is: "The Scout Citizen at Work." In His Home, His Community, His Nation, and His World."

which are available from the Hospital Auxiliary, the Alumni Association, and the Woman's Club.

Hospital Calls For Applicants For Nurse Training

Mrs. Irene Burnham, Superintendent of Nurses at the Glades Hospital, announces that there will be a new class for student nurses opening March 2nd. Young women, high school graduates between the ages of 17-12 and 35 years of age, are encouraged to select the nursing profession as a career. Mrs. Burnham said, "Nursing is very comparable to the nursing profession in being a career. Mrs. Burnham said, "Nursing is very comparable to the nursing profession in being a career. Mrs. Burnham said, "Nursing is very comparable to the nursing profession in being a career."

McMullen Named City Building And Sanitary Inspector

Mayor N. D. Lloyd, out of the list of seven candidates for the position of City Building and Sanitary Inspector, handed to him by the City Commission for a selection, named James McMullen as his choice for the position, and he went onto the City payroll as of January 1st, subject to final approval of the Commission. McMullen, until recently, for some years past has been connected with the Rader Properties as office manager. He is a veteran of World War I and at present assignment of Everglades Post Office at the present site, it has been found that the large building will need to be torn down and moved in sections to its new location.

County Physician To Be In Glades On Thurs. New Hours Effective

A notice has been given that the "County Physician and County Nurse" will be in the Glades section beginning Thursday, February 12th, and each Thursday thereafter. The hours will be changed, and the new ones are as follows: Belle Glade Hospital from 7:00 A. M. to 12:00 noon and the Pahokee Hospital from 2:00 P. M. to 4:00 P. M. This change in the hours has been necessitated by the fact that Carver Memorial Hospital is no longer open for the Clinic.

All Clubs And Organizations Checking For Memberships To Insure 100% Registration

"Co-Op" Retains Its Former Officers

The directors of the Belle Glade Farmer's Co-Operative Association, at a recent meeting, re-elected its former officers to serve another year in their official capacities, which are: President, L. L. Price; vice-president, John Taber; treasurer, H. H. Chandler. These men will at once proceed to investigate a number of expansion ideas that were endorsed at a recent meeting of the stockholders.

Colin English Gives Up Salary During Campaign

Colin English, State School Superintendent and candidate for Governor, officially opened his campaign by resigning his salary during his campaign. In 1946, English was apparently designed to allow him to spend full time campaigning while he is the smooth functioning of the Department of Education, English ceased drawing his \$9,000 a year State salary and travel expenses of about \$175 a month.

At the same time, he designated James L. Graham, Director of the Division of Administration and Finance, as his Administrative Assistant during the campaign period. English's intention to waive his salary during his campaign was made known in a letter to all county school superintendents on January 6. He said: "I am foregoing all salary and travel expenses for the period from February 1 through the end of the campaign."

English's intention to waive his salary during his campaign was made known in a letter to all county school superintendents on January 6. He said: "I am foregoing all salary and travel expenses for the period from February 1 through the end of the campaign."

Observation And Comment

By John M. Gledhill

Waldemar Tews, one of our well known farmers, has received word from his aged parents and sister in Germany, that they are planning to return to the old country. Tews, who has been in the United States for many years, has been very successful in his farming operations. He has a large farm and a good income. He has also been very active in the community. He has been a member of the local church and has been very helpful to the poor. He has also been very active in the war effort. He has been a member of the War Relocation Authority and has been very helpful to the Japanese-Americans. He has also been very active in the civil rights movement. He has been a member of the NAACP and has been very helpful to the Negro people. He has also been very active in the labor movement. He has been a member of the AFL-CIO and has been very helpful to the workers. He has also been very active in the peace movement. He has been a member of the American Peace Society and has been very helpful to the peace cause. He has also been very active in the environmental movement. He has been a member of the Sierra Club and has been very helpful to the conservation of the environment. He has also been very active in the cultural movement. He has been a member of the National Endowment for the Arts and has been very helpful to the arts. He has also been very active in the scientific movement. He has been a member of the National Academy of Sciences and has been very helpful to the scientific community. He has also been very active in the religious movement. He has been a member of the National Council on Religion and has been very helpful to the religious community. He has also been very active in the social movement. He has been a member of the National Council on Social Issues and has been very helpful to the social community. He has also been very active in the political movement. He has been a member of the National Council on Government and has been very helpful to the political community. He has also been very active in the economic movement. Protection For All
The idea that the Federal government should build transmission lines, which, in many cases, would duplicate existing lines owned by the private utilities, in order to distribute the power generated at the Federal-owned power plants, should be thoroughly disapproved by now. The utility industry is completely able and willing to handle power, to pay a fair price for it, and to sell it to consumers at the lowest possible rate.

The Pacific Northwest is now providing an example of that. A short time ago five major utilities in the region signed a one-year contract with the Bonneville Power Administration for the delivery up to 335,000 kilowatts of power. This marks the largest single sale by Bonneville in its 10-year history and the utilities wanted to contract for 600,000 kilowatts but BPA said it was not available. Bonneville is receiving its standard price of \$17.50 per kilowatt. The utilities will distribute the power over their own lines to homes, industries, farms and public power bodies—and they will sell it at a rate approved by the public regulatory agencies. In the process new taxable assets will be created, instead of being destroyed as is the case when socialized, tax-free systems swallow private industry.

In the Southwest, another group of private utilities has offered to distribute all the power produced by government plants in that region, on terms similar to those reached in the Pacific Northwest. Again, the government, the consumer, and the tax payer would all benefit.

Here is the way, in short, to protect the government's investment in power plants, to assure the most beneficial and least costly use of the power, and, at the same time, to preserve from free enterprise form socialization. It should be done nationally.

Orlando Business Man Attends Elks Celebration
W. G. Myers, of Orlando, paid a business visit to Belle Glade, Monday and as a member of Pontiac lodge of Elks, attended the anniversary ceremony of that lodge on Monday night. Myers, who is chief of staff of the Pontiac lodge, and while here called upon several of the members of that order. Myers reported that Grand Master Wooten, Jacksonville, who has been recovering from a leg fracture sustained last August, is still on crutches, but is now rapidly improving. Also that Past Grand, Patrick, J. Harry Gardner, of the Encampment branch of the order, is critically ill at a Jacksonville hospital, Gardner has long been blind.

Winter Haven To Stage Annual Orange Festival
The annual show staged by the Florida Citrus Exposition needed surgical attention.

Fla. Veg. Committee Changes Name To Fla. Growers Association

Commemoration for the change of name of the Florida Vegetable Committee to the Florida Growers Association, along with other streamlining action for vegetable producers' benefit, was given here by R. Y. Crouch, well known Florida vegetable operator.

He is a director of the new Florida Growers Association, representing District 3, with a status identical with that he held in the FVC.

"Directors of the Florida Vegetable Committee changed the name of the vegetable producers' of the vegetable producers' trade association and instituted a program for greater advancement to the industry at the same time," he explained.

"The new name will be the permanent name of the association, and will do away with the erroneous opinion in some circles that the FVC was a war-time organization for wartime protection of the industry."

Under the Florida Growers Association set-up approved recently by directors of the group, a wide program will be put into effect, providing for assistance to the industry and its members along the lines of labor power solution, reduction of domestic and foreign competition, marketing research, and general education for consumers and producers regarding quality and value of Florida vegetables.

March Of Dimes Campaign Shows Smaller Donations

Ray Whitlock, chairman of the March of Dimes campaign, reports that donations for this cause, and from which Palm Beach county and Glades have large beneficiaries, is going much slower than last year, not more than 50 per cent of last year's donations have been secured to date.

He urges that there is no important public beneficiary than the March of Dimes campaign, and that donations given before the end of the year, in as liberal amount as possible.

Being a charitable organization, Belle Glade Lodge of Elks, donated from its charity fund, the sum of \$100 which did not make the Constable minimum a last year's total.

The Belle Glade public school children have taken a hand in collecting dimes for the drive, and reports to date show \$203 but will reach \$300.

Saw a life five year old girl come into a car on Monday, with three pennies in her hand, and one of these she dropped into the collection jar.

She remarked as she did it, "I'm an American," then went off happily munching the candy she had purchased.

Hundred Flying Students Have Local Training

Bill Golden, of the Glades Aviation Co., which conducts a aviation training school at the Belle Glade airport, states that during the past year, the school has graduated 100 flying students, and at the present time there are 23 students under training.

Golden on Wednesday received from the CAA his certificate as an instructor, which takes in all types of plane instruction, including day and night and instrument flying.

Golden Rams Soundly Drubbed Eagles From Ft. Pierce

The Golden Rams kept up their winning streak in their basketball season, by giving the Ft. Pierce Eagles a good drubbing on the local courts. Friday night, before a packed house of spectators, the final score was 38 to 20. McDonald was a ball of fire.

From where I sit... by Joe Marsh
Do You Have Noisy Neighbors?

A lot of the neighbors were suddenly annoyed by Joe Marsh's hammering at night. He was building himself a new front porch—and the only time that he could give to it was after sundown.

Junior College Moves To New Home
The past week was moving day for the Palm Beach County Junior college to its new quarters at Morriston. The college was obtained from the Federal Government. The college will live in the buildings for use in the school work, including the Hospital which will be used as Administrative offices.

Dr. John Leonard supervising the work that there will be room for growth in the college work, and instead of the present 250 students enrolled, that the hope of the student body soon reaching the thousand mark. He hopes to make the college one of the outstanding Junior colleges of the south.

When affairs get more settled Dr. Leonard, announces that there will be a dedicatory service open to the public.

Gunnman To Appear In Palm Beach

Reputed to be America's fastest gun handler, Herb Parsons, will begin his 1948 tour in the State of Florida, where he is scheduled to make 21 appearances in 46 days. The Palm Beach Rifle and Revolver Club will feature his appearance there on February 10. He is scheduled to appear at the Florida State Fair at Tampa on the afternoon of February 4. It has been announced by Western-Winchester, his sponsors.

Gets Added Sentence

Isaac Wilmer, the 18 year old colored boy from St. Petersburg, who made a get away from the state prison farm, and later was picked up by Deputy Constable Raymond McKee, over a negro town, when arranged in Criminal court at West Palm Beach, Tuesday, pleaded guilty to a charge of being fugitive, and by primary time hopes to have a record registration roll in the county.

Rams Defeat S. Broward 35 To 33

Basketball games played on Tuesday night, saw the Belle Glade Golden Rams staking up against the strong South Broward team from Dania, and this proved a real hot contest, in which the Rams came out victor 35 to 33. Burke and Harrell were the main scorers, each making five baskets. Pacesetters against delay ended in a victory for the Blue Devils by a score of 32 to 21.

STEPS TAKEN BY (Continued From Page 1) and vegetable groups and leaders in their respective fields, will be in attendance. The Branch's Executive and Finance committees will have charge of the arrangements for this large meeting, and the time and place will be announced later.

There is a movement on foot nationally to consolidate the United Fruit Growers, the Apple and the Wholesale League into one organization. The League is purely an east coast operating organization, and the United is a western center, and the Apple boys, have no competing business and are vegetable units. This protest has been sent into the Washington headquarters.

The Branch also sent in its choice of February, as the month for holding the League's annual convention at Atlantic City. It brought back a report, and he made a scream of it in the alibi. There was more outside dope than there was from the convention, and it was apparent that Harold had "things" more on the outside than inside the convention hall. He got a vigorous vote of thanks for his studious report.

Dr. John L. Leonard To Leave County School Position

A complete surprise was sprung upon the educational circles of Palm Beach County, when on Monday, County Superintendent John L. Leonard, made official announcement that he would not be a candidate for re-election to that high educational position, which he has most creditably held for the past 12 years.

Dr. Leonard stated that he is considering three college openings, one of which he expects to accept at the close of his clerical term in his present position.

Dr. Leonard has been the means of supplying of the county schools and Junior college, to a high scholarly standard, and has brought a dignity and efficiency to his work, so that our schools now stand high in the state. He has been a most able administrator, and was one of the promoters of the state school program, and it will be a difficult chore to find a man of his abilities as his successor. There will be genuine regret of the school faculties and patrons in the receipt of Dr. Leonard's retirement.

This will leave the position wide open for aspiring candidates.

Day Of Prayer To Be Next Friday

"The World Day of Prayer" service will be held at the Community Methodist Church Friday

Elks Will Make Interior Changes In Club House

The Elks held a rather amateur business session, Monday night, when steps were taken and approval given, for the making of a number of interior changes in the arrangement of the quarters. The new patio room has been beautifully fixed up, and may be used by the social rooms, and a portion of the present social rooms, will be utilized for the commercial fishermen from their former seafaring.

The building of the barbecue pit, and the rocking of the parking space to the south of the club house were given approval. Both were deemed essential equipment for the club house.

"Spider" Lindros, who has proven an efficient steward, was retained to serve in his present management position. He plans some expansions in his department.

The Florida State Elks Association will hold its annual convention in Key West, in the latter part of April, and the Key West lodge is making big preparations for a most successful convention.

Gibbs Gross, George Williams and Pete Seaman were all reported on the sick list. Williams has been a patient at the Belle Glade hospital but has now returned to his home.

Victor Reidel To Build Duplex

Victor Reidel has awarded a contract to construct a duplex dwelling on Avenue D and Second street, to Harry D. Ross. It will be a ten room structure after modern design. Mr. Ross reports that the work on the new Lake Harbor school is progressing in a satisfactory manner.

Water Has Mostly Receded In Flooded Areas

High waters that extended from the Ocala county line south on road 15 to Canal Point, have receded except in a very few locations, and the grass is growing green again on the meadows. Farmers are now turning the land ready for the spring crop, which is expected to be a large one. The Sand out migratory camp is again free from water and the homes are again habitable.

The contractor erecting the new bridge over Taylor creek, have about completed the superstructure, but the grades leading to the bridge are still unfinished.

Cattle in the pastures look pretty gaunt and not much flesh on them, but with the new grass coming on rapidly, that condition will soon change.

Purchase New Blooded Sire For Hereford Herd

Inman Weeks, of Pahokee, who is building up a fine herd of Hereford cattle, has recently purchased a new yearling bull named Larry Domino 158, to add to his herd as a later breeder. Assistant County Agent J. L. Speer states that the bringing in of such a fine blooded animal means a great advancement for the cattle business of the Glades region.

Carolina Farmers Find Interest In Glades Visit

The Herald office, recently, was honored by a visit from A. S. Bussy, editor of the Palm Beach Star, the oldest paper published in the county. He was accompanied by four friends from Litchfield, North Carolina, namely G. G. E. F. and C. W. Alton and A. M. Newberry. All these men are extensive tobacco, peanut and cotton growers in Carolina, and are being an off season of their time, decided to see the Glades area, which they thought wonderful. They visited the sugar mill at Clewiston, and the packing houses in Belle Glade, and "Pop" Lord said it is a very interesting place for some of our vegetables.

Fisherman Tells Construction Of A Pound Net

A number of citizens in discussing the recent operations of the State Game and Fresh Water Fish Commission, granting commercial fishermen the right to take cat fish in a pound net, brought out the question, what is a pound net, it is a contraption not much used in this section.

A pound net is a contraption or trap made out of seine material, either in square or oblong form, and is pegged down

Gibbs Gross, George Williams and Pete Seaman were all reported on the sick list. Williams has been a patient at the Belle Glade hospital but has now returned to his home.

Victor Reidel To Build Duplex

Victor Reidel has awarded a contract to construct a duplex dwelling on Avenue D and Second street, to Harry D. Ross. It will be a ten room structure after modern design. Mr. Ross reports that the work on the new Lake Harbor school is progressing in a satisfactory manner.

Water Has Mostly Receded In Flooded Areas

High waters that extended from the Ocala county line south on road 15 to Canal Point, have receded except in a very few locations, and the grass is growing green again on the meadows. Farmers are now turning the land ready for the spring crop, which is expected to be a large one. The Sand out migratory camp is again free from water and the homes are again habitable.

The contractor erecting the new bridge over Taylor creek, have about completed the superstructure, but the grades leading to the bridge are still unfinished.

Cattle in the pastures look pretty gaunt and not much flesh on them, but with the new grass coming on rapidly, that condition will soon change.

Purchase New Blooded Sire For Hereford Herd

Inman Weeks, of Pahokee, who is building up a fine herd of Hereford cattle, has recently purchased a new yearling bull named Larry Domino 158, to add to his herd as a later breeder. Assistant County Agent J. L. Speer states that the bringing in of such a fine blooded animal means a great advancement for the cattle business of the Glades region.

Carolina Farmers Find Interest In Glades Visit

The Herald office, recently, was honored by a visit from A. S. Bussy, editor of the Palm Beach Star, the oldest paper published in the county. He was accompanied by four friends from Litchfield, North Carolina, namely G. G. E. F. and C. W. Alton and A. M. Newberry. All these men are extensive tobacco, peanut and cotton growers in Carolina, and are being an off season of their time, decided to see the Glades area, which they thought wonderful. They visited the sugar mill at Clewiston, and the packing houses in Belle Glade, and "Pop" Lord said it is a very interesting place for some of our vegetables.

Fisherman Tells Construction Of A Pound Net

A number of citizens in discussing the recent operations of the State Game and Fresh Water Fish Commission, granting commercial fishermen the right to take cat fish in a pound net, brought out the question, what is a pound net, it is a contraption not much used in this section.

The Elks held a rather amateur business session, Monday night, when steps were taken and approval given, for the making of a number of interior changes in the arrangement of the quarters. The new patio room has been beautifully fixed up, and may be used by the social rooms, and a portion of the present social rooms, will be utilized for the commercial fishermen from their former seafaring.

The building of the barbecue pit, and the rocking of the parking space to the south of the club house were given approval. Both were deemed essential equipment for the club house.

"Spider" Lindros, who has proven an efficient steward, was retained to serve in his present management position. He plans some expansions in his department.

The Florida State Elks Association will hold its annual convention in Key West, in the latter part of April, and the Key West lodge is making big preparations for a most successful convention.

Gibbs Gross, George Williams and Pete Seaman were all reported on the sick list. Williams has been a patient at the Belle Glade hospital but has now returned to his home.

Victor Reidel To Build Duplex

Victor Reidel has awarded a contract to construct a duplex dwelling on Avenue D and Second street, to Harry D. Ross. It will be a ten room structure after modern design. Mr. Ross reports that the work on the new Lake Harbor school is progressing in a satisfactory manner.

OBSERVATION
 Continued From 1 page One
 operation. There are thousands of such camps now flourishing in America, several of them in the Glades area. Attended the off record annual meeting of the Belle Glade Farmer's Co-Operative Association, and having listened in on the business and vituperative work of the capable and energetic officers, it was not hard to determine why this body was meeting with apparent success in its first season of operation. This Association promises to be one of the growing institutions of the region.

The Anti-Saloon League, an Ohio corporation, is given the credit for bringing about a prohibition area in the nation a quarter of a century ago. At its recent national convention, its name was changed to "The Temperance League of America." Hon. Wayne Wheeler of Brookfield, Trumbull county, Ohio, was the original controller and promoter. The new head is Major John Wallace, of Indianapolis, Ind., and his organization will again attempt to bring back the "dry" area, and like it not, through local option units, are making great strides in that direction.

The Bradenton, Kiviana club, owns and operates the largest trailer camp in Florida, and each year clears around \$15,000 from its earnings. This money, except for costs of camp upkeep, is given away to deserving charities in that city. That is a project that has value in that community. Sarasota has another rival camp, not a drive club project, which is its nearest rival.

The Southern Presbyterian church, of which the Everglades Presbyterian church is an affiliate, is carrying on a long range program, which it termed "Presbyterian Program for Progress," and is of the missionary type, for both home and Foreign Missionary work.

The foreign field program calls for the expenditure of three and a quarter million dollars, and a quarter million dollars, for education thus: China, \$1,500,000; Japan, \$800,000; Korea, \$1,000,000; and other parts of India, Africa, South America and elsewhere. An outbreak from the church for 1947-48 was for \$1,000,000, and a large percentage of same has already been secured.

There are five Scottish Rites, constituting in the State of Florida, or branches of some kind, of Jacksonville, Pensacola, Ocala, St. Augustine, Tampa, Lake Worth, Miami and Key West. All existences are reporting large gains in membership since the close of the last year. The oldest member of the Masonic lodge in Florida, is Alma Drake, past 98 years old, who has been a Mason for over 75 years. He resides in the Lakeland vicinity.

Early in the history of the United States, a custom arose, and that was of having a corner stone laying or dedication, when a public building, a church, school house or some other institutional building was started. Most of the leading colleges of the nation adopted suitable ritualistic ceremonies for such occasions, with the Masons, Old Fades and Elks leading in the work.

Did you know that the school buildings and the city halls at both Palooka and Belle Glade have a corner stone laid by the Masonic lodges? Within the corner stone a hollow space is left for the insertion of a metal box, in which previous documents and records are placed, then sealed, and the cap stone cemented into place. Future generations may find much about our present day practices and modes of living, should such containers be opened in the great far away future. When the writer was serving as Grand Master of the Grand Lodge of Old Fades of Ohio, his staff, laid the corner stone for three school houses, one court house, and six new temples of the order.

Grady Burton, of Waukegan, who is stirring up the Florida political field, was the organizer of the Florida Officer's Association, and for ten years has been its president. He also a Past District Governor of Kiviana.

Attendant at the Florida State fair at Tampa, the past Wednesday, witnessed a new program in front of the grandstand, sponsored and produced by the State Game and Fresh Water Fish Commission. Here Walter Williams, former world's bait expert, Herb Parsons, gun and trap expert, and Rose Allen, snake expert, put on their specialty acts, bringing new thrills to the addicts of these sports.

There is a story being circulated about a half wit prisoner who is incarcerated in one of the state prisons, and has been there for many years. This fellow is a prevaricator. He picks up every thing of his fellow prisoners that is not tied or locked, which he carries to his barracks quarters and places in a box. When the prisoners, who are onto his game, get tired of his pilfering, they report it to the superintendent. The culprit is summoned and told to go and bring in his box of stolen trophies or trinkets, and he dutifully goes and does so. The prison boys are permitted to pass by and pick out their property. Let's call this fellow "Joe," surprised the custodian one day, by asking for a larger box and when asked why, he replied, so I can have more room, for my trinkets. He did not get the larger box.

Street parking is no longer necessary, as the Everglades theater management, has re-established a rock parking lot in the rear of the theater on West Avenue A. Congestion gets pretty bad at times during the day when the big delivery trucks back into stores on Avenue A, to unload their cargoes. Snarl traffic up'induced.

Statistics released by the State Road Department, based on photo-eye scoring records, bear out the fact that Florida's tourist season is doing very, very well. This is particularly so of the central and west coast resort towns, where business and visitors are showing up big. Travel on the No. 1 east coast highway shows some decline, but many that would customarily travel this road, take the other inland routes, but finally reach over in the coast towns.

Rey Beach, the noted novelist, when he was playing his pen in turning out the series of numerous novels which the readers found so satisfying, did

a lot of territorial traveling in order to get his information, his facts and locale. When he showed down in that field, he decided that Florida was a good place to make his home. Not content with his facts, he became interested in agriculture, pursuits, as a flower and vegetable grower, and now his main hobby is cattle raising.

He has ranch acreage in Highlands county and recently new purchases over in St. Lucie county, which is improving on a large scale, on which he will carry on his breeding work. He has a number of the leading strains of blooded cattle in his superior ranch, which he is getting ready to those that are already showing well in Florida territory. Beach's work is being closely watched by cattlemen all over the state, and are hoping that he succeeds in his aim and venture. Beach states that cattle farms, not necessarily ranches, can be established with less labor and capital outlay, with more profit than any other branch of land-holding that can be established on Florida's productive lands.

Most every one has at one time or another heard something about the Great Mayo Bros.' hospital at Rochester, Minn., where so many wonderful and almost miraculous surgical and medical help has been given ill humanity. From the establishment of the clinic in 1914, by Dr. William Mayo, he decided on a permanent hospital for the doctors and operative staff, and all profits were turned over the Mayo Foundation, which now conducts the best establishment. His relative successors have done the same. So, it is through the generosity and the feeling toward general humanity, that such institutions are endowed with foundation funds.

Rutin is a new drug commodity, which has long been a basis. Chemical tests show that it is fine for epilepsy and for lumbago purposes. Large plants for the manufacture of Rutin are being built in the north, which will require the harvest of grain from at least 100,000 additional acres of huckweed, the most of which will come from Pennsylvania acreage.

Ray Whitlock says he would rather waste any drunk bullet ridden negro than mess up with one of our swamp rattlers. The one he can pretty near fool in action, but not so with the rattlers.

The section of Highway No. 80, between Twenty Mile bridge and to Loxleyville, is to be rebuilt this summer, as it took quite a beating during the recent flood period. Its reconstruction is an imperative one.

Scotsmen state that their sublimed and quiet a heavy planting of spring oranges in the local area. Some farmers are putting in diversified crops for the first time in their farming experience.

Congressional action has proven conclusively that it has no intent to drag the Florida Citrus business out its present doldrums, and as a result there have been and will be many co-operative forces with a view of better growing, harvesting and merchandising of citrus. The revenue from the crop is considerable damage to the citrus crop, which may reduce the estimate normal crop by several million boxes.

There has been more fishing along Glades water by both black and white, this spring, than for many years past. Some are fishing for the sport and relaxation, while others are

are working for table food. Fishing on the big lake has also taken a big jump for the angling there has been exceedingly good and profitable. The high prices of meats has caused many a family to seek other flesh commodities, and fishing is the easiest way to obtain it.

Remember how you took a hoe, fork or spade and went out digging for angle worms? Modern advancement makes that laborious work unnecessary, for now you can go to local hardware stores and get a package of 250-300 worms packed in pete moss, for the modest sum of \$1.00. These worms are of "red color" and are produced in the fishing worm farm at Lakeland, and distributed by truck and mail all over Florida.

Rail rates on southern grown citrus and produce, still show an increase of 20 percent over rates of last October, as a result of new tariffs agreed by the ICC and promulgated by the rail carrier cooperation in their tariff schedules.

Florida as a state is well established with homes for the care of the aged and children. The Masonic order has its home at St. Petersburg; the Old Fellows, at Gainesville; the Elks, at Lakeland; the United Brotherhood of Carpenters and Joiners of America, at Lakeland; the State Children's home near Jacksonville; the Home of Old People's home at Floral City; the Baptist Orphanage at Arcadia and Lakeland; the Carpenter's National home at Lakeland; besides many other smaller institutions than the above named. There are a number of the counties of the state which operate indigent homes for the aged and orphans, Palm Beach county being on the latter.

SOUTH BAY BEAN CITY LAKE HARBOR

Mr. and Mrs. Joe Gering of Waukon, Iowa house guests of her sister and brother-in-law, Mr. and Mrs. C. G. Payne, returned the last of the week from a three-day tour of Havana, Cuba. They made the trip by plane from Miami.

Miss Clara Holloway of Tampa is visiting her nephew, The Rev. B. A. Oswald and wife. They motored to Tampa Thursday and brought her back for an extended stay.

Mrs. A. B. Barnes and niece, Mrs. Albert Rigby, and little daughter, Carol Jean of Tampa have returned home after a week's visit at Gainesville and Island Grove.

Mrs. C. M. Cole, who has been visiting her father, John U. Nix and sister, Mrs. C. G. Payne, returned to her home in Atlanta, Ga., last week.

Hilda Earnest, Bertha Davis and Ernest Horton, recently returned home from South America where they have been in construction work, enjoyed a day's outing Sunday at Bowling Green, where they visited Mr. and Mrs. Jack Gold, strap and attended the Strawberry Festival.

Mrs. C. F. Forbes and daughters, Miss Patricia Forbes and Pearl Ann Forbes of Orlando were the week end guests of Mr. and Mrs. F. W. Mutchler, Mr. and Mrs. Paul Dillow and families.

Mrs. Herbert Priest of Gainesville is spending the week with her parents, Mr. and Mrs. F. W. Mutchler. Mr. Priest will arrive this week and they will visit his parents, Mr. and Mrs. Pat Barker.

Chief of Police C. G. Payne returned home from the Belle Glade Hospital convalescent from a serious illness.

Mrs. Maude Hartline is spending a few days this week with Mr. and Mrs. D. W. Crocker and family at Delray Beach.

Mr. and Mrs. Wm. Ross of Sidney, Ohio arrived Monday for a visit with her brother and

Mr. and Mrs. Joe Routh have returned to South Bay and are occupying one of the Henderson Apartments.

Mrs. L. L. Simmons had as her week end guests her daughter, Mrs. D. E. Crosby and family of Palokce.

Mr. and Mrs. Linton Miller and daughters, Betty and Linda, have returned from West Palm Beach where they were guests of Mr. and Mrs. G. T. Miller over the week end.

Mormons Attend District Meeting

A number of South Bay Mormons attended the Greengold Ball at the L. D. S. Chapel in West Palm Beach Saturday night and the Conference on Sunday.

Those attending the ball were Ruth and Willie Warren, Hoch Cooper, Bertha Davis and Margaret Walker.

Heber D. Meeks, president of the Southern states, was the chief speaker at the all day conference Sunday. A violin solo was played by Miss Connie Oglethorpe, missionary.

Edna Stale, Miami sang a vocal solo. A caterina luncheon was served during the noon intermission.

Those attending from the glades were Mr. and Mrs. H. V. Drea and family of Belle Glade were Mr. and Mrs. H. Byrd and Miss Alene Williams of Hooker's Point, Mrs. Louise Horning, Elder Curtis Stale and Elder Melvin Tew of South Bay.

Miami Air Corps Official Injured In Fog Accident

Walter G. Berocet, Chief Inspector of the CAA at Miami, suffered severe facial and lacerations Thursday morning about 6:15 when his car skidded into the rear end of a semi-trailer truck which the driver had just parked on the highway.

A very heavy fog was reported by State Highway Patrolman Joe Cook to have been the cause of the accident. Berocet stated that he did not see the truck in time to stop. When he applied his brakes, the car skidded on the wet pavement.

The driver of the truck, Harry T. Hagens, had just stopped and was preparing to put out flares when the accident occurred, Cook reported.

Berocet was accompanied by his teen age son, Walter, who was not injured. They reside at 350 N. E. 32nd Ave. Miami.

The injured man was picked up by Edward White of the 14th Camp and taken to the Belle Glade Hospital where Dr. R. L. Pipes put the necessary stitches on his face to close the wounds and expressed hope that the left eye could be saved in spite of severe cuts.

The semi-trailer was owned by George A. Close of 228 S. W. 8th Ave., Miami and both vehicles were enroute from Miami on State Highway No. 25. The accident occurred 19 miles south of South Bay.

Willits estimated that it could take approximately a month to complete the road and pit before it would be ready for use.

Ben Hobbs and nephew, Olin Sunday, arrived recently from Pensacola for a visit with his daughters, Mrs. Floyd Willetts, Mrs. Luther Scarborough and Mrs. Luther Martin and their families.

Miss Annette Maples and Miss Annette Maples of Cleveland visited Mrs. T. E. Wooters and other friends in South Bay Sunday. Annette is teaching in the Cleveland High School.

Albert Rigby of Miami spent the week end in South Bay with Mrs. Rigby and daughter, Carol Jean, at the home of Mr. and Mrs. A. B. Barnes.

Clayton Miller of West Palm Beach was the week end guest of Mr. and Mrs. Green Miller and other relatives.

Mrs. W. C. Holmes, son, Ed Holmes, daughter, Mrs. Duff Kornege, and grandson, Adolph Kornege, Mr. and Mrs. Elmo Blumard, Mr. and Mrs. N. C. Cerege, sons of Mr. and Mrs. I. C. Sunnerlin, Mr. and Mrs. Linton Miller, Mr. and Mrs. H. B. Walker, Mr. and Mrs. Melvin Herring for several days last week.

Mr. and Mrs. Jack Godwin and son, Alphonse, of Ft. Pierce visited her parents, Mr. and Mrs. C. S. Clemens over the week end.

Mrs. Mary Bird, Mrs. Clara Shaw and Mrs. N. C. North are spending the week at Hollywood Beach.

Mr. and Mrs. Joe Routh have returned to South Bay and are occupying one of the Henderson Apartments.

Mrs. L. L. Simmons had as her week end guests her daughter, Mrs. D. E. Crosby and family of Palokce.

Mr. and Mrs. Linton Miller and daughters, Betty and Linda, have returned from West Palm Beach where they were guests of Mr. and Mrs. G. T. Miller over the week end.

Those attending the ball were Ruth and Willie Warren, Hoch Cooper, Bertha Davis and Margaret Walker.

Heber D. Meeks, president of the Southern states, was the chief speaker at the all day conference Sunday. A violin solo was played by Miss Connie Oglethorpe, missionary.

Edna Stale, Miami sang a vocal solo. A caterina luncheon was served during the noon intermission.

Those attending from the glades were Mr. and Mrs. H. V. Drea and family of Belle Glade were Mr. and Mrs. H. Byrd and Miss Alene Williams of Hooker's Point, Mrs. Louise Horning, Elder Curtis Stale and Elder Melvin Tew of South Bay.

Miami Air Corps Official Injured In Fog Accident

Walter G. Berocet, Chief Inspector of the CAA at Miami, suffered severe facial and lacerations Thursday morning about 6:15 when his car skidded into the rear end of a semi-trailer truck which the driver had just parked on the highway.

A very heavy fog was reported by State Highway Patrolman Joe Cook to have been the cause of the accident. Berocet stated that he did not see the truck in time to stop. When he applied his brakes, the car skidded on the wet pavement.

The driver of the truck, Harry T. Hagens, had just stopped and was preparing to put out flares when the accident occurred, Cook reported.

Berocet was accompanied by his teen age son, Walter, who was not injured. They reside at 350 N. E. 32nd Ave. Miami.

The injured man was picked up by Edward White of the 14th Camp and taken to the Belle Glade Hospital where Dr. R. L. Pipes put the necessary stitches on his face to close the wounds and expressed hope that the left eye could be saved in spite of severe cuts.

The semi-trailer was owned by George A. Close of 228 S. W. 8th Ave., Miami and both vehicles were enroute from Miami on State Highway No. 25. The accident occurred 19 miles south of South Bay.

Willits estimated that it could take approximately a month to complete the road and pit before it would be ready for use.

Ben Hobbs and nephew, Olin Sunday, arrived recently from Pensacola for a visit with his daughters, Mrs. Floyd Willetts, Mrs. Luther Scarborough and Mrs. Luther Martin and their families.

Miss Annette Maples and Miss Annette Maples of Cleveland visited Mrs. T. E. Wooters and other friends in South Bay Sunday. Annette is teaching in the Cleveland High School.

4-Wheel-Drive Power Gets More Jobs Done

with THE UNIVERSAL

'Jeep'

For field work, for off-road hauling, for heavy going, the Universal "Jeep" has 4-wheel drive to give you the pulling power you need. With all four wheels at work, the Universal "Jeep" pulls implements at tractor speeds of 2 1/2 to 7 m.p.h. Four-wheel drive takes the "Jeep" through mud, up tough grades or straight cross-country.

And when you are hauling or towing on the road, you shift the "Jeep" to 2-wheel drive for economy at regular highway speeds.

What other vehicle offers you so wide an operating range—6 speeds forward, 2 reverse—such adaptability to almost any farm job? See this versatile farm vehicle that spreads its cost over more jobs than year round.

LET US DEMONSTRATE

the Universal "Jeep" on your farm—show you how it works as a tractor, a pickup or tow truck, as a power unit to operate equipment from the power take-off.

South Bay Is Given Garbage Pit Location

The Town of South Bay has acquired a site for a garbage dump and a dragline is now working to build a road to the site and dig the pit for the garbage dump.

The site was donated by A. B. Barnes, former councilman, for that purpose, according to Councilman Frank B. Willits. It is about 8 miles south of South Bay on the Barnes farm road.

Willits estimated that it could take approximately a month to complete the road and pit before it would be ready for use.

Negro Accident Victim Dies At Hospital

Albert Anderson, negro truck driver, who was severely burned three weeks ago when the orange truck he was driving hit the main highway bridge at Okaloosa at 11:30 p. m., such force that the auxiliary tank of gasoline exploded, burning the truck and cargo, died last week at the Belle Glade Hospital.

Death came very unexpectedly Wednesday afternoon due to complications setting in after it was thought that he was on the road to recovery from his third degree burns.

He was employed by D. H. Browder Son and Company of Arcadia and was enroute to Miami with a semi-trailer loaded with choice oranges, grapefruit and tangerines at the time of the accident.

Slow Down Speed Thru South Bay

The highway through South Bay which has been under construction during the fall has been completed and is now such a boulevard that it is a temptation to motorists to race through the town and past the school without diminishing speed.

Chief of Police C. G. Payne announced that the police force warning the traveling public to slow down according to law when passing the school and through the business section. They have no intention of setting any speed traps, he stated, but they do intend to enforce the law to protect the school children and other pedestrians in the town from speeding cars. He asks the cooperation of the traveling public in making State Highway No. 80, a safe road through the South Bay town site.

Domestic Canning Plant Open At School Center

County Agencies have established at the Belle Glade school most modern canning plant, which is to be used for the benefit of the citizens who may desire to do canning. The plant and work is to be under the supervision of Mrs. T. R. Lasister, an expert in that type of work.

The canning facilities will be open to any one who might desire to take advantage of the service to be carried on, but the manager must have registration for the hours that applicants desire to do their work. The plant will open on February 9th, and will run on the days to suit the registrants. Each person must provide their own towels, aprons and parking ticket. The costs of jar and
